

**REMARKS**

At the outset, the Examiner is thanked for the thorough review and consideration of the pending application. The final Office Action dated November 29, 2005, has been received and its contents carefully reviewed.

Claims 13, 14, 16, 18, 23-25, 28-30 and 32 are rejected to by the Examiner. Claims 13, 23, and 28 have been amended. Claims 13, 14, 16, 18, 23-25, 28-30 and 32 remain pending in this application.

In the Office Action, claims 13, 14, 16, 18, 23-25, 28-30, and 32 are rejected under 35 U.S.C. § 102(e) as being anticipated by U.S. Patent No. 6,643,882 to Sotozaki et al. (hereinafter "Sotozaki"). Claims 13, 14, 16, 18, 23-25, 28-30, and 32 are rejected under 35 U.S.C. § 103(a) as being unpatentable over U.S. Patent No. 6,202,658 to Fishkin et al. (hereinafter "Fishkin") in view of U.S. Patent No. 6,261,378 to Hashimoto et al. (hereinafter "Hashimoto").

The rejection of claims 13, 14, 16, 18, 23-25, 28-30 and 32 is respectfully traversed and reconsideration is requested. Claims 13, 14, 16, 18, 23-25, 28-30 and 32 are allowable over the cited references in that each of these claims recites a combination of elements including, for example, "moving the substrate continuously in a linear direction." None of the cited references including Sotozaki, Fishkin, Culkins, and Hashimoto, singly or in combination, teaches or suggests at least this feature of the claimed invention. Each of the above references rotate a round substrate and do not teach "moving the substrate continuously in a linear direction." Accordingly, Applicant respectfully submits that claims 13, 14, 16, 18, 23-25, 28-30 and 32 are allowable over the cited references.

Applicants believe the foregoing amendments place the application in condition for allowance and early, favorable action is respectfully solicited.

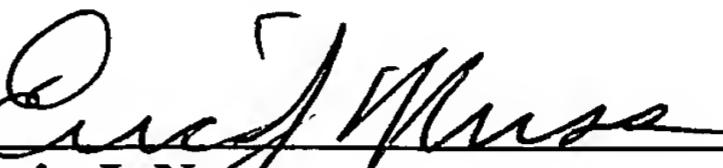

If for any reason the Examiner finds the application other than in condition for allowance, the Examiner is requested to call the undersigned attorney at (202) 496-7500 to discuss the steps necessary for placing the application in condition for allowance. All correspondence should continue to be sent to the below-listed address.

If these papers are not considered timely filed by the Patent and Trademark Office, then a petition is hereby made under 37 C.F.R. § 1.136, and any additional fees required under 37 C.F.R. § 1.136 for any necessary extension of time, or any other fees required to complete the
